

Safeguarding and Child Protection Policy

Safeguarding means keeping children safe from harm.

It is very important for everyone in our school.

What are the Goals?

keeping children safe

knowing what to do

training staff

What we do?

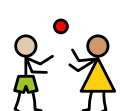

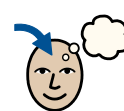

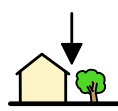

We protect children from abuse and neglect.

We make sure children are happy, healthy and developing well.

We create a safe environment for children to learn and play.

We follow these rules from the government to keep children safe:

1. Keeping Children Safe in Education
2. Working Together to Safeguard Children
3. The Children Act

Reporting Concerns

If anyone is worried about a child, they must tell the

Safeguarding Lead.

This is the special person in charge of safeguarding.

They know how to handle these concerns properly.

You can talk to them if you are worried.

You can also talk to any staff member if you feel unsafe.

For more information, please contact the Designated Safeguarding Lead for your school
